## OUR STUDENTS SAY

One summer I had the opportunity to work in a 5\* hotel in Greece, that is when I understood that I want to link my future to the hospitality industry. I chose "HOTEL SCHOOL" Hotel Management College because here I could acquire two educational programs - Latvian and British - at the same time in a relatively short period of time - 2 years. A big advantage is that the excursions to hotels, restaurants and SPA are often organized as part of the study process, as well as the fact that the internships take place in the best hotels in Latvia and around the world. So when I finished my training at the Grand Hotel Kempinski 5\*, I was offered a job, which I think is a great start to my career.

*Valerija Kosheverova, 2nd Year student*

Within the framework of the study course "Business Management" we were involved in the global project X-culture - we had to write business plans while working in international teams. I got to the finals with two of my fellow students and we were invited to attend the closing symposium in Miami, USA. There were another 150 best university students from around the world. An unforgettable event! So many new friends! Thanks X-Culture! Thank You HOTEL SCHOOL!

*Svetlana Kostenko, graduate*
