Classes are held at "HOTEL SCHOOL" Hotel Management College, 3 Smilšu Street, Riga.

The module covers the following subjects: "Basic principles of operation of a catering enterprise," "System of self-control in a catering enterprise," "Basic principles of business communication," "Organization of production work," "Pre-processing of food products and raw materials," "Storage of products," and "Technology of cooking."

At the end of the training, a **certificate of completion of the module will be issued**, which gives the right to apply for training in the next module, thus obtaining the professional qualification of the Cook.
